* Price varies, apply for your personal quote. Offers are subject to status and agreement.

The Hometree Heating Plan

Boiler on the blink? Our popular plan takes away the upfront cost of your new boiler installation, the hassle of servicing and maintaining it, and the stress of unexpected repair bills for the plan lifetime.

Quality boiler

Get a quality boiler, tailored to your home and budget, with fast and stress-free installation by an expert local engineer.

All-inclusive cover

Boiler servicing, safety checks and unlimited repairs are included for the plan lifetime, with no callout fees or excess.

No upfront cost

There's nothing to pay upfront, just an affordable monthly payment once your new boiler has been installed.

Peace of mind

Your trusted local engineer will take care of ongoing servicing and repairs, with all costs covered by your plan.

You're in safe hands

The Heating Plan is delivered through our network of highly qualified engineers. You benefit from the expertise and personal care of a dependable local business, with the reassurance of Hometree's guarantees and all-inclusive payment package.

Pricing & features

The Heating Plan makes it simple and affordable to replace an old or inefficient boiler, and gives you total peace of mind.

£0
UPFRONT

Heating Plan

New boiler installation with lifetime servicing and repairs included

£35.34 /month*

- ✓ Quality boiler from leading brand
- ✓ Installation by your trusted local engineer
- ✓ Lifetime servicing and safety checks
- ✓ Breakdown cover and unlimited repairs
- ✓ No callout fees or excess for the plan lifetime
- ✓ Boiler emergency support line
- ✓ Flexible term from 3 to 12 years
- ✓ Boiler replacement protection

If your boiler breaks down within your plan term and can't be repaired, we'll install a replacement at the same monthly price.

“It’s great as you don’t face a large bill and have peace of mind knowing the boiler is covered for services etc. I would recommend the plan to anyone.”

Marilyn G
Hometree customer

* Example price for a new boiler installation quoted at £2,500. Based on a 12 year plan. Price varies, apply for your personal quote. Offers are subject to status and hire agreement. Monthly payments are subject to an annual increase of 4% or inflation, if higher. You can end your plan at any time by paying the lump sum outlined in your contract. This will be required if you sell your property. Missing payments could have severe consequences and make obtaining credit more difficult.

Our guarantees

Every new boiler installation is backed up by Hometree Finance's guarantees.

Fair price promise

We check quotes against national benchmarks, so you can be confident that your boiler installation is priced fairly.

Satisfaction guarantee

We'll get in touch after installation and any servicing or repair visit, to check that you're happy with the engineer's work.

Risk free application

Our secure application takes 2 minutes and won't impact your credit score. There's no obligation to proceed once approved.

Cancel anytime

You can end your plan at any time by paying the lump sum outlined in your agreement. No quibbles or early repayment fees.

Ideal for landlords too

The Heating Plan provides a great solution for private landlords looking to secure their tenants' comfort and avoid unexpected maintenance costs.

You can rest easy knowing your plan includes your annual service and gas safety certificate, a support line your tenants can call in case of boiler issues, and unlimited repairs for the plan lifetime.

“Made replacing my old boiler an easy process from start to finish.”

Mathew T
Hometree customer

How it works

Ask your local engineer to send your Heating Plan quote, or talk to our friendly team on 0800 987 1789 to find out more about how our finance options work.

01

Quote

Following their on-site or video survey, your local engineer sends you your personal Heating Plan quote with a link to apply.

02

Apply

Complete our simple online application - it only takes a couple of minutes. Then you're ready to review and sign our online agreement.

03

Install

Your new boiler is installed and the old one safely disposed of. We check you're happy with the work before your monthly payments begin.

04

Relax

For the lifetime of your plan, boiler servicing, maintenance and unlimited repairs will be taken care of by your trusted engineer - at no extra cost.

“The Hometree team and local engineer were incredibly prompt to react, polite, approachable and very knowledgeable.”

FAQs

[Click to view all FAQs](#)

Who is the Heating Plan for?

Homeowners installing new gas boilers in owner-occupied or privately rented properties in England and Wales.

It's a great solution if you're looking to avoid the upfront cost of your boiler, and you'd like the security of knowing that servicing and repairs are covered, with no callout fees or excess.

How long is the plan term?

You can choose your term from 3 to 12 years when you apply.

How do I apply?

Your local engineer will send you a personal link to apply for the Heating Plan alongside their boiler installation quote.

Our secure application takes 2 minutes, won't impact your credit score, and provides an instant decision in most cases. There's no obligation to proceed once you've been approved for finance.

What boiler will I get?

Our payment plans are available across a range of leading brands including Alpha, ATAG, Baxi, Ideal, Vaillant, Viessmann & Worcester Bosch. Your engineer will make recommendations to fit your home and budget during their survey.

How soon can I get my new boiler?

Installation can be scheduled as soon as you've signed your online agreement, subject to your engineer's availability.

Who will install and maintain the boiler?

We have a nationwide network of highly qualified Gas Safe registered engineers, who install quality systems and maintain them with care. They'll be friendly, punctual and tidy in your home - and we'll check in with you after to make sure you're happy with their work.

Ongoing maintenance will be taken care of by the same engineer, giving you consistent service from a trusted local provider. On the rare occasion that they're unavailable, we'll arrange an alternative through our network.

What if I already have boiler cover?

There's no need to continue paying for boiler cover once you switch to the Heating Plan. We cover servicing, safety checks, plus all boiler repairs and parts, with no excess or callout fees.

How does the Heating Plan differ from standard finance?

Financing enables you to spread the cost of your boiler, rather than paying upfront. The Heating Plan also covers servicing and repairs, so you won't have to worry about any unexpected bills for the plan lifetime.

How does the Heating Plan differ from the manufacturer's warranty?

In a heating emergency, our rapid response and personal service sets us apart. Our support team is on hand to help diagnose faults, and whereas manufacturers often take days to schedule a visit, we can call upon the local engineer who installed your boiler.

Warranties may have exclusions or be invalidated if the boiler isn't serviced according to the manufacturer's terms. But the Heating Plan covers lifetime repairs and replacement, regardless of the warranty period or terms.

What if I change my mind?

If you'd like to exit your Heating Plan early or you're selling your property, you can end your plan at any time by paying the lump sum outlined in your contract, with no early repayment or cancellation fees.

What happens at the end of the term?

If you choose to upgrade your boiler we'll set you up with a new agreement. Otherwise your plan will automatically end as per our terms.

Can I have installation only?

Yes, we also offer 12 months Interest-free Credit on new boiler installations. There's no upfront cost, 0% APR and no early repayment fees. Ask your engineer to include this option when they send your Heating Plan quote.

Your trusted local engineer

The Heating Plan is delivered in partnership with local businesses. You get the best of both worlds: consistent service from an expert who knows your system, backed up by Hometree's guarantees and all-inclusive payment plan.

- ✓ Local to you
- ✓ Gas Safe registered
- ✓ 5 star service as standard

Your local engineer will advise on boiler selection and installation, and send your Heating Plan quote following their survey, with a personal link to apply.
